

Notice No. 35/NR/2023

Subject: 2nd phase of applications for ESEL Residency - Academic Year 2023/2024

All students enrolled in higher education are hereby informed that the 2nd phase of applications to the ESEL Residency Programme for the 2023/2024 academic year will take place from **28 August to 8 September**.

The application must be completed exclusively online on the ESEL portal at:
ESEL/Community/Residency/Application.

For the purpose of simplifying and streamlining the administrative process, a new application form has been introduced, which allows the required documentation to be attached, so that the application can only be submitted if all the mandatory fields are filled in and the documents are attached.

Once applications have been submitted, they will be checked and validated, and residents will take charge of the process.

We would like to remind you that ESEL Residency applications for the 2023/2024 academic year are governed by the Residency Regulations in force, and all applicants are therefore obliged to comply with them.
