Additional Information

Eligibility criteria

The admission of applicants depends on their approval in absolute merit, which will depend on the proof of the following conditions until the date of publication of this notice in Diário da República: h index Scopus of 6 or greater; the publication of at least 35 scientific articles in journals indexed by Scopus in the last 5 years; history of at least 140 citations in Scopus in the last 5 years; and history of participation as a team member, in the last 10 years, of at least 3 competitive projects, funded by funding agencies or other equivalent institutions (includes PhD scholarships). Only participation in project teams whose applicant's names appear at the moment of application for the project funding or through a contract as a researcher fellow will be considered.

Selection process

10. The selection is made by evaluating the candidates' scientific and curricular background and their suitability for the Staff position to fill.

11. The scientific and curricular background is evaluated based on the relevance, quality, and timeliness:

1. Of the scientific, technological, or academic production considered most relevant by the applicant.
2. Of the applied, or practice-based research activities considered to have the most significant impact by the applicant.
3. Of the extension and knowledge dissemination activities, namely in the context of promoting scientific culture and scientific practices, considered of greater relevance by the applicant.
4. Of the science, technology and innovation programmes management activities, or experience in supervising and monitoring of the scientific and technological system or higher education, in Portugal or abroad.

12. The five-year and ten-year periods referred for considering the selection criteria set out in Annex I, which forms an integral part of this Notice, are counted up to the date of publication of this public notice in the Diário da República.

12.1. The five-year and ten-year periods referred to in the previous paragraph may be extended by the Jury, at the applicant's request, when justified and documented, due to the suspension of scientific activity for socially protected reasons, namely for reasons of parental leave, severe prolonged illness, and other situations of unavailability for work that are legally protected.
